SCHOOL OR COLLEGE: ANY MAJOR: ANY/UNDECIDED

## Skills, Foreign Language, Ethnic Diversity, and General Education Transfer Guide

Students who earn the Associate of Arts and Science degree at the UW College will satisfy skills and general education requirements. The Associate of Arts and Sciences degree may also satisfy ethnic diversity and foreign language requirements if a student takes classes which fulfill these requirements. This guide can be used to help students who are not completing the Associates of Art and Science degree choose courses which will transfer to UW-Parkside and apply towards degree progress.

Every effort is made to maintain accurate information; however, this information is subject to change. It is always best to check with your UW College advisor or a UW-Parkside Transfer Admissions Counselor to ensure accuracy of equivalencies in your transfer plan. Students may also utilize the Student Transfer Assessment Report (STAR) and the Transfer information System (TIS) which can be found at http://uwp.edu/apply/admissions/transfer/.

ENGLISH AND MATH COMPUTATIONAL SKILLS

ENG 102
MAT 105 OR
MAT 110

UW-Parkside Name
Composition and Reading
Survey of Mathematics
College Algebra II

UWP Course
ENGL 101
MATH 102
MATH 112 (required for business majors)

## FOREIGN LANGUAGE REQUIREMENT

Must be fulfilled by one of the following options:

- two years of one language in high school with a grade of cor better in the second year of the language
- complete course at 104 level or above at UW-Parkside (or equivalent)
- 2 college semesters of one foreign language from an accredited institution

## ETHNIC DIVERSITY REQUIREMENT

Any UWP course with the (DV) designation at the end of its title is eligible to meet the requirement (or equivalency with DV designation).

## GENERAL EDUCATION REQUIREMENT

The general education curriculum provides students with exposure to different disciplines and subject matter; it also provides a broad base for placing into context the concentrated and in-depth study for developing expertise in a major discipline. The curriculum consists of a minimum of 36 credits outside of the skills requirements, distributed across three distribution areas.

1. HUMANITIES AND ARTS: 12 Credits required from at least three different departments/programs
2. SOCIAL AND BEHAVIORAL SCIENCE: 12 Credits required from at least three different departments/programs
3. NATURAL SCIENCE - 12 Credits required from at least three different departments/programs

Options are shown on page 2.
