

Smartboard: a rear screen projection device, much like a big screen TV, which is a touch screen for a networked computer with white board capability.

This Teaching and Learning Strategies session is sponsored by the Teaching & Learning Center and Campus Technology Services.

## Smartboard Features

Become Smarter than a Smartboard:  
Learn How to Use Basic Smartboard Features

Wednesday, Sept. 9, 12:00-12:50 p.m. MOLN 116

Presenters:

Linda Wawiorka

and

Jim Robinson

Learn about:

- floating tools
- using class material from the network
- using the internet
- using the DVD player
- on-screen annotation: the ink layer

Bring your questions or share your experiences.
