

## Instructions for configuring Firefox for full functionality in SOLAR.

These instructions will disable pop-up blockers for the Parkside web pages. If you have tool bars like Google and Yahoo installed they will need to be disabled or removed too.

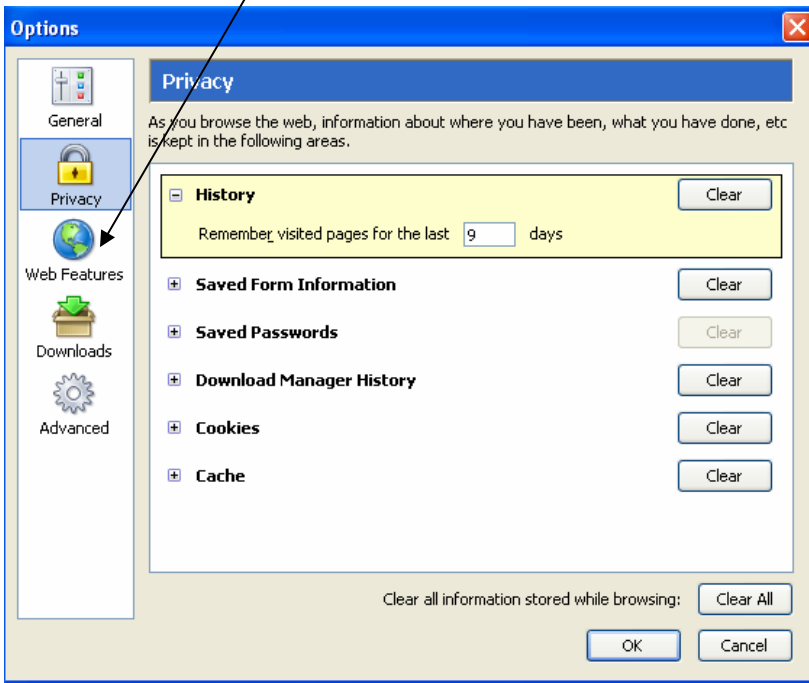

\*\*\*\*\*

On the main tool bar of Firefox, click on Tools and then Internet Options

\*\*\*\*\*

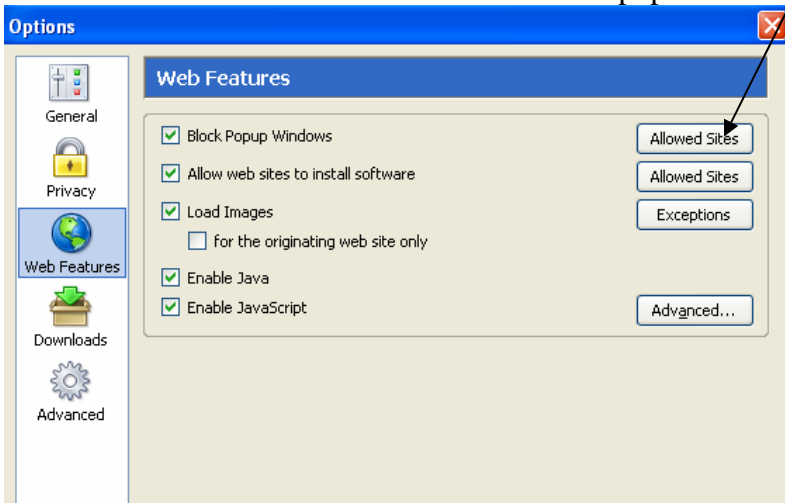

Click on Web features

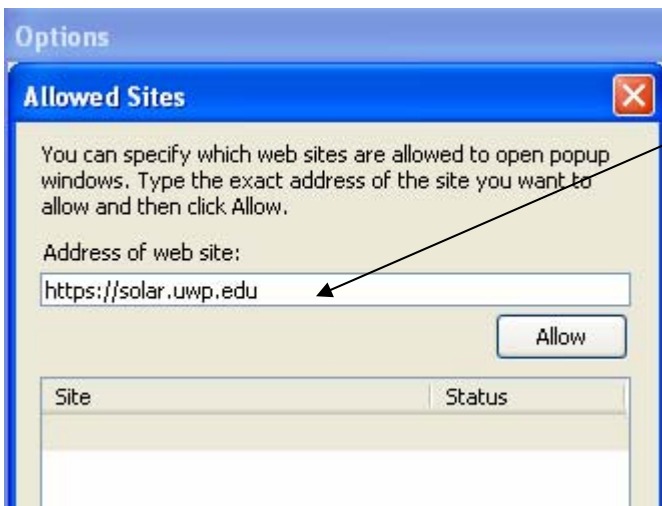

\*\*\*\*\*

Go to next Page

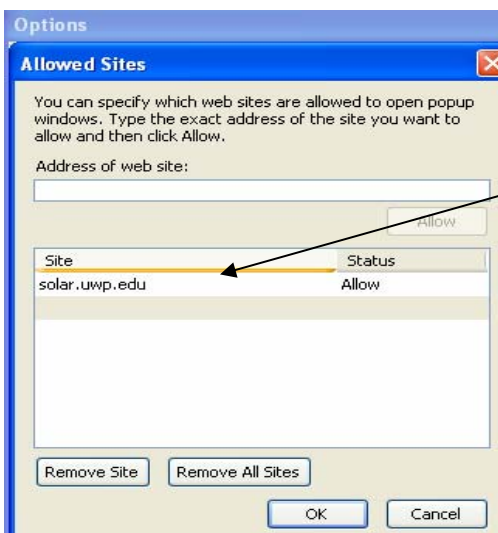

Click on the Allowed Sites button for Block Popup Windows

\*\*\*\*\*

Enter <https://solar.uwp.edu> in the Address box

<https://solar.uwp.edu> is now verified as a trusted site

Hit Ok as necessary to get back out to the FireFox main browser window.
