A rollicking comedy by award-winning Milwaukee playwright Larry Shue, *The Foreigner* is the kind of hysterical farce that will leave you laughing, teary-eyed and utterly helpless! One of the most produced and beloved American comedies of the past decade, *The Foreigner* follows an awkward British chap who finds himself alone and alien in a backwoods Georgia resort surrounded by "locals" who appear to come from a different world. This comic clash of cultures is the perfect cure for your election time blues!
