DEGREE COMPLETION PROGRAM TO PROGRAM AGREEMENT

BETWEEN

GATEWAY TECHNICAL COLLEGE

AND

UNIVERSITY OF WISCONSIN PARKSIDE (UW-Parkside)

Effective September 1, 2013

The purpose of this degree completion agreement is to provide improved transfer opportunities for learners at Gateway Technical College (Gateway) who desire further education to enter the University of Wisconsin-Parkside (UW-Parkside). Through the collaborative efforts of faculty, student services, and administration, learners will encounter a clear path to reach their educational goals. Since there are courses that are common to both institutions, a rationale exists to create an agreement for seamless transfer and assist the Gateway student in acquiring a baccalaureate degree at UW-Parkside under conditions listed below.

Learners who successfully complete the following Gateway degree:

ASSOCIATE OF APPLIED SCIENCE (A.A.S.) IN

GRAPHIC COMMUNICATIONS

And who meet the admission requirements of the University of Wisconsin-Parkside and other conditions specified in this agreement will be admitted with up to 62 credits toward a:

BACHELOR OF ARTS (B.A.) DEGREE

WITH A MAJOR IN

GRAPHIC DESIGN (ART)

PROVISIONS OF THIS AGREEMENT:

1. **Admission and Eligibility.** It is the learner's responsibility to demonstrate fulfillment of the current admission requirements of UW-Parkside at the time of entry. Please note that this 2 + 2 articulation agreement is valid only for Gateway students who have successfully completed all A.A.S. degree requirements in Graphic Communications at Gateway and have a minimum cumulative GPA of 2.75 in all Graphic Arts courses taken at Gateway. Furthermore, students must maintain a minimum GPA of 2.75 in all Art Department courses taken at UW-Parkside in order to complete the B.A. degree in Graphic Design.
2. **ABOUT the B.A. in Graphic Design at UW-Parkside:** The Bachelor of Arts Graphic Design major at UW-Parkside is a comprehensive visual arts program that includes a range of essential art foundational "core" classes as well as courses in specialized areas pertinent to the commercial graphic design industry. The major provides a holistic curriculum that offers diverse approaches to visual language. The emphasis of this curriculum is one that focuses on the designer as an artist. In addition, students in the major have opportunities to work with regionally-based clients within the classroom setting. This provides a sample of real-world experiences similar to those in the career field while still maintaining the mentorship of professional instructors. Academic and artistic excellence is required and all Graphic Design majors at UW-Parkside must maintain a minimum 2.75 grade point average for courses in the major to remain in the program and to successfully complete the degree.
3. **Advising.** UW-Parkside and Gateway will provide academic advising to Gateway learners inquiring about UW-Parkside programs. Learners will be connected with a UW-Parkside advisor in the Arts Department prior to transfer. UW-Parkside and Gateway will share materials, catalogs, and other information to facilitate their understanding of requirements and programs. Gateway will assist the UW-Parkside Admission Office and the Art Department in arranging recruitment events on its campuses.
4. **Marketing.** Any marketing of this agreement will be subject to the prior approval of both parties and will adhere to each institution's standards for the use of its name and logo. Each institution will assume responsibility for appropriate marketing to reach its student population. Each institution may provide a link to this agreement and/or the other institution at its website, with notice to the other party.
5. **Accreditation.** Both parties agree that failure to maintain regional accreditation will be grounds for termination of the agreement. Failure to maintain accreditation required by the specific academic program(s) referenced in this agreement will be grounds for exclusion of that program from the agreement.

6. **Tracking of Use.** If possible, Gateway will provide UW-Parkside Admissions Office and Art Department with the names of students planning to complete the articulation agreement with the intent to transfer to UW-Parkside. This will allow UW-Parkside to plan for the admission, advising and orientation of these transfer students. Gateway also desires to track the use of articulation agreements by students. If possible, UW-Parkside will send Gateway the total number of credits transferred from Gateway annually or other data that can be conveniently produced.
7. **Periodic Review.** Gateway and UW-Parkside will collaboratively review the articulation agreements on a three-year cycle, starting September 1, 2016 or earlier if curricular or institutional policy changes warrant. Each institution agrees to notify the other of significant curricular or policy changes in a timely manner.
8. **Cancellation.** Both parties agree to provide at least one-hundred eighty (180) days' advance written notification of their intent to cancel this agreement. Gateway students who apply to UW-Parkside prior to the cancellation date will be permitted to transfer credits under the agreement terms.
9. **Conditions:** Conditions requested by the receiving institution are listed on the following pages.

The University of Wisconsin-Parkside (UW-Parkside) and Gateway Technical College have produced this guide as a tool for students. Every effort is made to maintain accurate information; however, this guide is subject to change. Students should contact the faculty and/or advisors listed below to stay informed of changes, as final responsibility for verifying information rests with the student.
