

## SOCIOLOGY Transfer Guide

### 1. Transfer Policies

Students transferring from non-baccalaureate institutions to Parkside may generally transfer up to 72 credits earned at non-baccalaureate institutions toward the 120 credits required for degree completion. Parkside may accept additional credits toward the degree where appropriate. A minimum of 15 credits numbered 300 or above must be completed at Parkside. Degree-seeking transfer students holding an associate of arts or science degree from an accredited college-parallel liberal arts program, with a minimum of 45 transferable credits, are exempt from Parkside general education and skills requirements. The ethnic diversity requirement and the foreign language requirement must still be completed.

### 2. Major Requirements

A major in sociology consists of a minimum of 38 credits. At least 15 credits of upper-level courses in the major must be completed at Parkside. Under consultation with a faculty member, an advanced student may opt to “design” his/her own course as an independent study in sociology. The student must work with a faculty member whose expertise is in the selected topic. Together, they negotiate the focus and content of the course, materials to be examined, and so forth. The following core courses, to be completed by the end of the junior year or prior to the completion of 90 credit hours of study, are required of all students majoring in sociology.

The major requirements are in addition to the university’s skills and general education requirements. Please use this guide in tandem with the **General Reference and Degree Requirements** transfer guide:
