1. **Application Procedure**

   UW System application is required for admission to the university, along with official high school and all college transcripts. To apply, visit [https://apply.wisconsin.edu](https://apply.wisconsin.edu). To be accepted into the exercise science or sport management major, a student must have a cumulative GPA of 2.00 or better and a GPA of 2.75 or better in 12 or more completed credits for exercise science, or a GPA of 2.50 or better in 12 or more completed credits for sport management (these 12 credits for both majors must include HESM 210 Introduction to Health, Exercise Science, and Sport Management or AHS 101 for Exercise Science majors and cannot include fieldwork credits). Students must obtain a C or better in each of the classes used to declare the major (a C- is not acceptable). These requirements can be satisfied by equivalent transfer work that is accepted by the department.

2. **Transfer Policies**

   Transfer degree seeking student must earn a minimum of 30 of their last 60 credits at UW-Parkside toward their degree to fulfill the residency requirement. Individual departments and programs may require that certain courses be taken at UW-Parkside. Students transferring from non-baccalaureate institutions to UW baccalaureate-granting institutions may generally transfer up to 72 credits earned at non-baccalaureate institutions toward the 120 credits required for degree completion. UW institutions may accept additional credits toward the degree where appropriate.

3. **Requirements for the Exercise Science Major (73-78 credits)**
