UW-Milwaukee offers the Bachelor of Science degree (B.S.) in nursing which is offered on both the UW-Milwaukee campus and UW-Parkside campus through a consortial program. Students in the program attending UW-Parkside take classes on the UW-Parkside campus and are issued their degree from UW-Milwaukee. Students accepted into the program will complete the same curricular requirements as students enrolled on the UW-Milwaukee campus and must meet the same eligibility requirements for admission to the nursing major.

1. Application Procedure

UW System application is required for admission to the university, along with official high school and all college transcripts. To apply, visit [https://apply.wisconsin.edu](https://apply.wisconsin.edu). Application information and eligibility criteria for the major can be found at [http://uwp.edu/catalog-pdfs/nurs.pdf](http://uwp.edu/catalog-pdfs/nurs.pdf). Pre-nursing students who seek to enter the nursing major in September must submit applications by January 15th of the current academic year.

2. Transfer Policies

Courses may be repeated only once. No more than three required courses may be completed. All credit for required courses must have been earned in the 10 years preceding progression into the nursing major. Grades of less than 2.0 (C) must be replaced by grades greater than 2.0 (C) no later than August for fall applicants. Students transferring from non-baccalaureate institutions to UW baccalaureate-granting institutions may generally transfer up to 72 credits earned at non-baccalaureate institutions toward the 120 credits required for degree completion. UW institutions may accept additional credits toward the degree where appropriate.

3. Pre-Nursing Prerequisites (44 credits)

The following common requirements are in addition to UW-Milwaukee general education requirements.

A. Pre-Nursing Requirements (44 credits)

B. Nursing Courses in the Major (60 credits)

To see a list of nursing classes, please see the academic catalog at http://uwp.edu/catalog-pdfs/nurs.pdf.

Taken at UWP

- Professional Role I: Foundations of Professional Practice  
  NURS 351
- Concepts of Pathophysiology and Pharmacotherapeutics  
  NURS 399
- Health & Illness Concepts I: Introduction  
  NURS 352
- Health Assessment and Promotion in Nursing Practice  
  NURS 398
- Clinical Practicum I: Foundations  
  NURS 353
- Professional Role II: Provider of Care  
  NURS 420
- Concepts of Pathophysiology and Pharmacotherapeutics II  
  NURS 400
- Health & Illness Concepts II: Acute and Chronic Conditions  
  NURS 421
- Concepts of Evidence-based Nursing Practice  
  NURS 419
- Clinical Practicum II: Acute & Chronic Conditions  
  NURS 422
- Professional Role III: Interprofessional Practice  
  NURS 430
- Health & Illness Concepts III: Lifespan  
  NURS 431
- Health & Illness Concepts IV: Population Health  
  NURS 432
- Nursing Informatics and Technology  
  NURS 434
- Clinical Practicum III: Population Health  
  NURS 433
- Professional Role IV: Leading in Complex Systems  
  NURS 476
- Health & Illness Concepts V: Complex  
  NURS 477
- Transition to Professional Practice  
  NURS 480
- Clinical Practicum IV: Clinical Intensive  
  NURS 478
- Clinical Practicum V: Capstone  
  NURS 479

4. UW-Milwaukee General Education Requirements for Nursing Students

- Humanities: Consult nursing advisor for approved GER  
  3cr
- The Arts: Consult nursing advisor for approved GER arts  
  3cr
- History: Any course offered by History Department  
  3cr
- Foreign Language: Two semesters of the same language  
  0-8cr
- Electives: 8cr

**All nursing students are responsible for checking whether they meet the UW-Milwaukee general education requirements (written above).**
