

Refunds for Paid Reservations

If an individual opts out of an ALL class or ALL trip; refunds will be given only if ALL can get a ticket refund (if applicable), the request is made at least 2 weeks before the event, and the refund amount is at least \$10. If the individual opts out-AFTER the two week cutoff (in other words, within 2 weeks of the event), that individual should contact the event coordinator. It may be possible for the coordinator to make other arrangements. In both instances, you will be charged a \$5 cancellation fee.

Whatever method used to pay for a reservation is how it will be refunded. For example if a check is the method of payment, the member will receive a check for the refund (minus the \$5 fee). That can take 1-2 weeks. When a member makes a credit card reservation payment, the amount will be refunded to the same card (minus the \$5 fee).
