Dear Faculty and Instructional Staff,

In addition to the most excellent assistance you are already receiving from CTS and the Innovations in Learning Staff, (Thanks Jim, Linda, Maggie, Hannah, Steve and Steve! Everything we've been hearing about your support has been wonderful!) we are appointing a few faculty members experienced with online teaching to assist you with your courses. The liL staff are still your go-to people for technical assistance, but if you are just not sure about how to post that quiz, hold a discussion, or keep in touch with students, please feel free to reach out to your Faculty Online Instructional Mentors.

For the College of Social Sciences and Professional Studies: Mita Banerjee and Ed Schmitt  
For the College of Natural and Health Sciences: Melissa Gregg and Rachel Headley

Stay tuned for appointees from the other colleges.

Gary
