

Colleagues,

As you make final preparation for your fall classes, we would like to express our appreciation for the extra work you have been doing to get ready to teach in a new environment, whether that be online, in a hybrid format, or in-person under distancing and masking rules.

Please take a moment to review the information in the attachment. It is an update of the information we sent on August 14 and covers the following topics.

Classroom Capacities, Distancing and Cleaning

Face Coverings

Taking Attendance for Contact Tracing

Lecture Capture and Live Streaming

Online Means Online

Communication with Students Regarding Hybrid Classes

Flexibility for Attendance, Due Dates, Etc.

We also suggest you make frequent visits to the Ranger Restart Web Pages for additional information.
