

Strategic Plan 2014-2018

ADVANCE ECONOMIC GROWTH THROUGH COMMUNITY ENGAGEMENT AND PARTNERSHIPS

Goal #1: Identify and respond to the current and future demands for professions and occupations in the region.

Tactic #1: Perform research on the workforce regional needs.

Tactic #2: Identify programs that could be expanded, based on regional needs, and others whose graduates will face difficult job markets.

Tactic #4: Revise and update programs whose graduates will face difficult job markets to broaden their mission or limit their enrollments.

Tactic #3: Establish visible career advising within academic programs to help every student develop a realistic set of career options.

Tactic #5: Create more explicit connections between students' academic work and their economic lives after they graduate.

Tactic #6: Increase the number of students who graduate with an accepted job offer in a field related to their professional aspirations.
