OVERVIEW

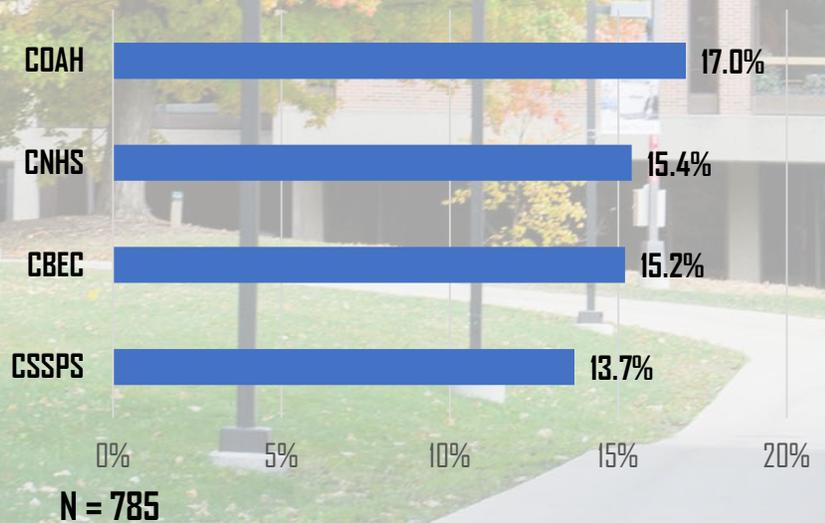

UW-Parkside Alumni Survey

This Alumni Survey, the fifth one to be administered by the Office of Institutional Effectiveness (OIE), was conducted December 2018 through February 2019. The population surveyed consisted of those alumni who had completed a year after their graduation, i.e. those who had graduated during the academic year 2016-17. There were 874 alumni in this group. The survey was primarily conducted through the use of targeted email messages to the alumni. Each person's available personal email address was used. Due to invalid addresses, 88 of those messages failed to be delivered to the recipients. By the end of the survey period, a total of 120 valid responses were received. The response rate this year was 15.3%. This report presents the frequency distribution of responses for the questions in the survey.
