Track Select the track that best fits your proposed session.

☐ **Digital Learning Environment** If you are involved in academics at the University of Wisconsin, chances are you know that we will be transitioning to the use of Canvas as our Digital Learning Environment. What have you learned about the DLE that you'd like to share? Discovered interesting features that everyone should know about? Have a great transition story? (6)

☐ **Student Engagement** How do you engage and inspire your students? How do you focus their attention, curiosity, and passion? Share your story and resources here. (5)

☐ **Teaching and Learning** Have you used technology to prepare instructors to teach or to assist students with learning? What train-the-trainer opportunities have you created? Have you built a community of instructors? Held a workshop for instructors and/or students? Select this track for your session if you've created something to educate instructors or learners. (2)

☐ **Technology and Other Resources** Do you have a skill to share? Have you created a wonderful set of resources for faculty and students? How have you incorporated media into your classroom? What resources are you using? Let's hear about your user guides, knowledge bases, and instructional videos. (4)

☐ **Library and Digital Media** What new resource have you discovered that you want to share? What tools do you promote that instructors ought to leverage more often? What approaches can you share to enhance learning and teaching? (7)

☐ **Open Educational Resources** Do you have a story to tell about your use of OERs? Have you created OERs, used them in teaching, or simply think they are splendid? If so, share your experiences here. (8)
