

The Wisconsin Innovation Hub: Building an Online Learning Commons

Wednesday, April 6, 2016

12:00 – 12:50 p.m.

Oak Room, Student Center

Presenters:

Peggy James, Jim Robinson

Wisconsin's [Innovation Hub](#) is a learning place that recognizes LEAP “on the ground”. The Hub is part of the AAC&U’s Faculty Collaboratives project dedicated to making visible the work of faculty involved with the multiplicity of LEAP initiatives over the past ten years. For example, if you have been engaged with Value Rubrics, your work could be submitted to the Hub for publication. If you would like to know more about Signature Work, you can contact the Wisconsin fellow in that area to learn more about it through the Hub. Whether it is VALUE rubrics, Tuning of assignments, or General Education that is your interest, the Hub is the learning community environment for all of these past initiatives. It also features a searchable learning object repository. Join us to learn more about it.

Refreshments will be served

This event is sponsored by the Teaching & Learning Center and made possible by the AAC&U Lumina Faculty Collaboratives Grant.
