

CBL Showcase/Panel Discussion

Wednesday, November 29, 2017
12:00 – 1:00 p.m.
Faulty/Staff Lounge, WYLL 247

CBL project at Petrifying Springs

Join us for the Fall Community-Based Learning (CBL) Showcase/Panel discussion. We have the privilege of hearing from these Summer 2017 CBL Workshop participants:

- Greg Cramer, IPED
- Gail Gonzalez, Spanish
- Stef Strauss-Thompkins, HESM
- Carey Watters, Art

Each of the panelists will discuss their experience with incorporating a CBL component into to their course this fall. Topics will include:

- how CBL affected their students;
- challenges/opportunities they encountered;
- how CBL impacted their teaching, the class and the curriculum;
- their experience with the use of critical reflection.

CBL is profoundly beneficial for our students. Attend to see if this high impact practice is a good fit for one of your courses.

Light refreshments will be served.

This showcase session is sponsored by the Teaching & Learning Center and Community Based Learning & Research.
