DO YOUR STUDENTS want a career working on a team with interesting people and solving problems in a fast-paced environment? Do they aspire to be entrepreneurs or future business owners?

**UW-PARKSIDE STUDENTS ARE EXCITED TO SHARE**

how they are preparing for a career by visiting your small assemblies or classrooms to discuss university experiences and career opportunities in the following program areas:

- Accounting
- Business Management
- Economics
- Finance
- Human Resource Management
- Marketing
- Sales
- Project Management
- Management Information Systems
- Computer Science
- Cyber Security
- World Wide Web Publishing
- Mobile Applications Development

Together with the Senior Academic Advisor in the College of Business, Economics and Computing (CBEC), a team of two students will present the following:

- Careers and salary projections in these majors.
- What it’s like being a student in a globally recognized Association for the Advancement of Collegiate Schools of Business International (AACSB) program (5% reach AACSB accreditation.)
- How to balance course work, extra-curricular activity, jobs, and personal life.
- Info on scholarships, internships, study abroad, and creating real solutions for real organizations.
- How Parkside prepares students for a career.
- Engage your students in an interactive Business challenge.

Let us arrange a visit to your classroom between October 1 and December 4, 2015, or schedule a time in spring 2016.
