

UW-PARKSIDE SOCIAL SCIENCE ROUNDTABLE

Developing Society's Professionals Through Educational Partnerships!

We invite you again to participate in our Fall Social Science Roundtables as an opportunity to continue the conversation with faculty and staff from UW-Parkside's College of Social Sciences and Professional Studies as well as to network with other social science teachers from Racine and Kenosha County. We would like to further our partnerships with local high schools in an effort to assist in transitioning students from high school to college to career.

This semester, we will focus on ways in which the group can adapt research paper guides to their own curriculum, present information on the 2016-2017 dual enrollment pilot program, discuss and organize UW-Parkside campus tours and access to our facilities for high school students.

Sessions will be held at our partner high school locations as well as on campus. Please join us for one or all! Feel free to share this opportunity with your colleagues who also teach in these disciplines.

- Monday, 10/3** | Wilmot High School
- Tuesday, 10/25** | UW-Parkside (*Molinaro D139*)
- Monday, 11/14** | Case High School (*Library*)
- Monday, 12/5** | UW-Parkside (*Hickory Room, Student Center*)

Each session will be held from 4-5:30 pm at the locations stated above.

Appetizers and refreshments will be served!

Questions? Nancy Retana
(262) 595-3001 or retana@uwp.edu

SPACE IS LIMITED. REGISTER TODAY!

Please scan the QR code or go to the link below to register by **Friday, 9/30** for the first session.
