

Greening Greater Racine www.greeninggreaterracine.weebly.com.

Proposals for student intern programs.

Food initiative: Work with the Greater Racine Food Council. Investigate what other cities have done. Research what might be done in greater Racine in areas such as healthy food, food education, food deserts, food excess, and composting. Maintain Face book. Assist the director, Amy Macemon. Fall 2016, Spring 2017.

Energy Initiative: Assist with recruiting participants for the SOLARacine group-buy program. Follow up in tracking progress from solar assessment to completion of work. Work to develop an area wide plan for reduction of fossil fuels for governments, businesses, and residents. Post plans, resources, and guidelines on website. Assist the director, Tom Rutkowski. Fall 2016. Spring 2017.

Racine Sustainable Business Network: Develop a survey tool to determine what area businesses are doing in terms of sustainable programs and practices. Interview outstanding companies and make reports. Help to plan and carry out RSBN events. Develop and post resources on the RSBN website. Interviews and writing. Assist the Director, David Rhoads. Fall 2016. Spring 2017.

Eco-education in public and private schools: Carry out an audit of eco-activities and programs in schools. Help to develop a network of eco-educators. Help to develop online storehouse of resources for eco-learning. Find out what is happening in other cities. Help to plan and carry out networking events. Assist the Director, David Rhoads. Fall 2016. Spring 2017.

Video resources: Produce educational pictures and videos of nature centers and ecological events and organizations in the greater Racine area. Post on You Tube. Develop a video to promote Greening Greater Racine. Will need access to video and editing equipment. Visits to events and editing video. Work with the GGR Director, David Rhoads. Fall 2016. Spring 2017.
