Testimonials:

"I booked my flight to Spain and it was a life-saver! ... Holly helped me schedule and my round trip only cost a little more than \$1,000- which is GREAT. I am also

relieved to know that I will be going to the right airport and can completely trust the travel plans. "

Amanda M - Green Bay, Wisconsin

"I am absolutely indebted to Study Abroad Airfare for booking my flight to study in London. I didn't need to spend all my time stressing about comparing all the flights and making sure I understood the layovers and time differences everywhere and so on. I had an especially strict arrival time.

Plus, I ended up getting a ticket for cheaper (\$400) than every flight I'd seen myself, and it was direct. If I had it to do again, I'd do it the same exact way! Except maybe get the help even earlier. Honestly, this is a great option."

Michele H - The College of William and Mary, Virginia

"Study Abroad Airfare helped my daughter book her airfare while she is studying abroad. One phone call and Holly took care of the details. She is completely on top of everything! After calling my worries

regarding the airfare were over. She even gave us helpful hints regarding other areas of travel as well. They have studied the details already! Holly will take care of your child as if he/she were her own!

Trust me, I gave her my daughter! "
