DINING PLANS

Which Dining Plan is right for me?

You should choose your dining plan based on your eating habits and where you think you will make most of your purchases. If you're a light-eater or someone who only snacks throughout the day, consider the lowest level plans: the **Parkside Plan** (for residents), and the **Ultimate Saver** (for commuters). If you prefer three meals a day and like your daily "snacks", you might consider a larger plan like the **Parkside Plus** (for residents) or the **Premium Saver** (for commuters).

Dining Plan Options	Cost	Worth	BBP*
ULTIMATE SAVER	\$171	\$105*	\$210
DELUXE SAVER	\$277	\$169*	\$338
PREMIUM SAVER	\$384	\$235*	\$470

If you find yourself running out of money during the semester, you can also add money to your current plan.
