OVERVIEW

UW-Parkside Alumni Survey

This Alumni Survey, the sixth one to be administered by the Office of Institutional Research and Assessment, was conducted December 2019 through February 2020. The population surveyed consisted of those alumni who had completed a year after their graduation, i.e. those who had graduated during the academic year 2017-18. There were 768 alumni in this group. The survey was primarily conducted through the use of targeted email messages to the alumni. Each person's available personal email address was used. Due to invalid addresses, 58 of those messages failed to be delivered to the recipients. By the end of the survey period, a total of 95 valid responses were received. The response rate this year was 13.4%. This report presents the frequency distribution of responses for the questions in the survey.
