OVERVIEW

UW-Parkside Alumni Survey

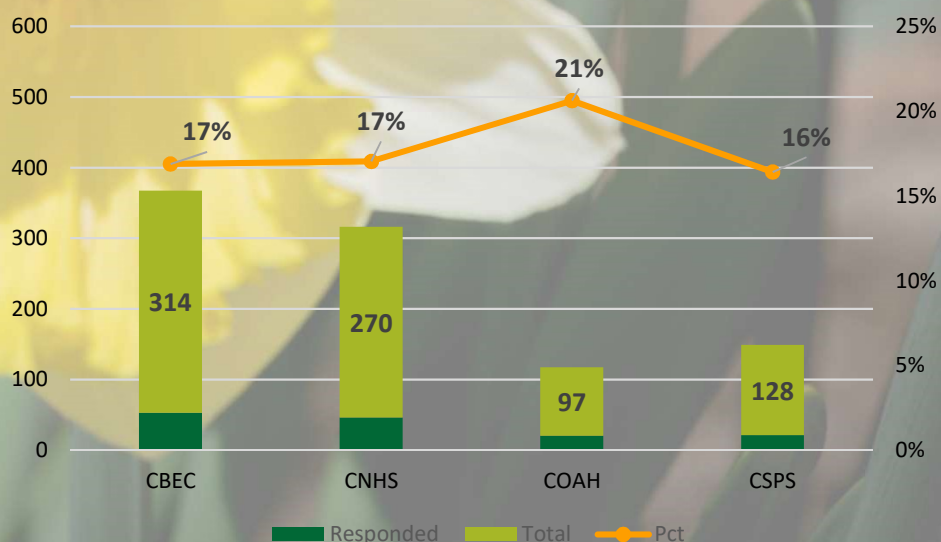

This Alumni Survey, the 8th one to be administered by the Office of Institutional Research and Assessment, was conducted between December 2020 and August 2021. The population surveyed consisted of those alumni who had completed a year after their graduation, i.e. those who had graduated during the academic year 2019-20. There were 870 alumni in this group. The survey was primarily conducted through the use of targeted email messages to the alumni. Each person's available personal email address was used. Due to invalid addresses, 35 of those messages failed to be delivered to the recipients. By the end of the survey period, a total of 140 valid responses were received. The response rate this year was 16.8%. This report presents the frequency distribution of responses for the questions in the survey.

Percentage of Respondents Who completed the Survey

N = 140
