OVERVIEW

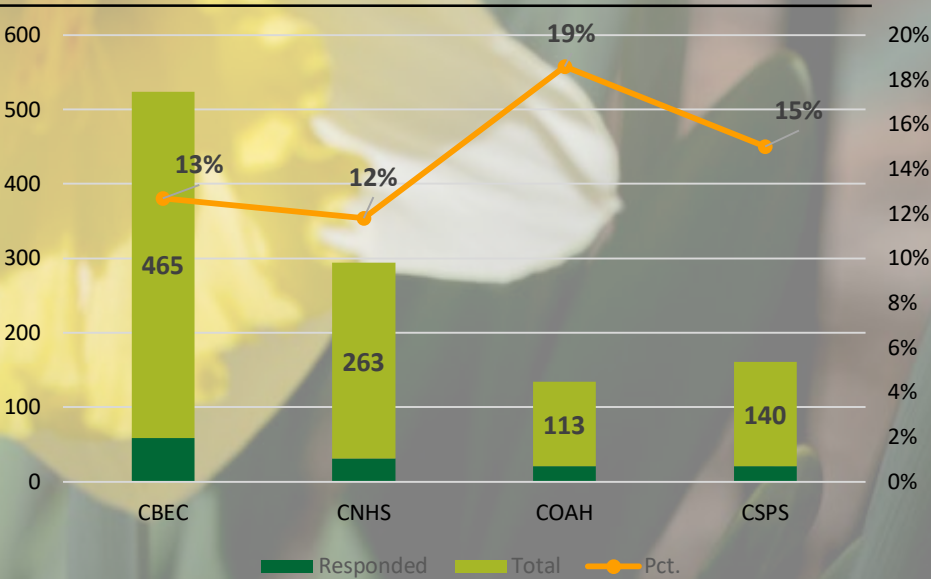

UW-Parkside Alumni Survey

This Alumni Survey, the 10th one administered by the Office of Institutional Research and Assessment, was conducted between December 2022 and October 2023. The population surveyed consisted of those alumni who had completed a year after their graduation, i.e. those who had graduated during the academic year 2021-22. There were 1,013 alumni in this group. The survey was primarily conducted through the use of targeted email messages to the alumni. Each person’s available personal email address was used. Due to invalid addresses, 72 of those messages failed to be delivered to the recipients. By the end of the survey period, a total of 130 valid responses were received. The response rate this year was 13.8%. This report presents the frequency distribution of responses for the questions in the survey.
